

The Best Clay Target Sports Facility in the Texas Panhandle

New AGC Ammunition Policy

Due to the current shortage of availability of ammunition. Amarillo Gun Club has implemented the following policy effective November 4, 2021. We will maintain this policy until such time that ammunition supply returns to normal.

Ammunition will be available to shooters who show their **Entry Sheet** for our registered shoots. They will be able to buy up to four boxes of ammunition per each registered event. As long as supplies last.

Ammunition will be available to club shooters who are buying rounds for their Trap, Skeet or 5 Stand Long-Range count up or down cards. You are allowed to buy a box of ammunition, up to ten boxes, for each round purchased. The ammunition and rounds must be purchased at the same time. As long as supplies last.

We apologize for any inconvenience that this might cause and we will return to a normal policy when ammo supplies allows. We appreciate your support and cooperation on this matter.

Thank you,

AGC Staff and Management
